

WPaH-AT6

ANALOG CONTROLS & PANELS Remote Wall Panel Control

PRODUCT OVERVIEW

The WPaH-AT6 is a 70/100~V line attenuator, with an integrated 24 VDC priority relay. Maximum output power: 6~W

WPa is a series of remote control wall panels for systems and interconnecting audio signals. It marks a development of its predecessor, the WPm series, with a modern, elegant, discrete aesthetic, designed in collaboration with Italdesign Giugiaro.

WPa series includes surface-mount installation box (WxHxD = $86 \times 86 \times 38 \text{ mm}$).

TECHNICAL SPECIFICATIONS

WPaH-AT6

Dimensions with surface-mount box (WxHxD) $86 \times 86 \times 38 \text{ mm} / 3.38\text{"} \times 3.38\text{"} \times 1.49\text{"}$ Weight 0,13 Kg / 0.28 lb White (RAL 9016)

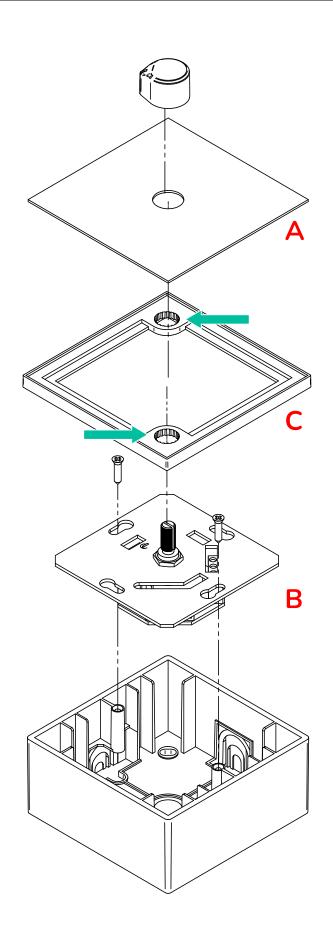

MOUNTING DIAGRAM

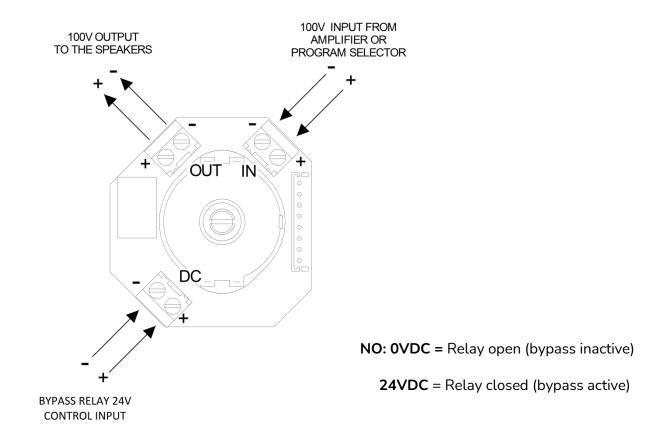

The **C** frame magnets exert considerable force.

The assembly of parts A and B must be done with caution in order to avoid damaging the C frame lining.

CONNECTION DIAGRAM

All product characteristics are subject to variation due to production tolerances. **NEEC AUDIO BARCELONA S.L.** reserves the right to make changes or improvements in the design or manufacturing that may affect these product specifications.
